Shake Well Before Using

GENERAL INFORMATION: TurboCharge contains a special high-molecular-weight polymer that is active at very low concentrations and provides improved herbicide performance. Ammonium sulfate and special ion-blocking agents condition the spray mix by complexing antagonistic metal cations that may interfere with herbicide activity. This water-conditioning feature is very important with many post-emergent herbicides such as glyphosate.

MIXING INSTRUCTIONS: Always mix TurboCharge in accordance with the instructions concerning adjuvants found on the pesticide label. In the absence of specific mixing instructions, fill the spray tank from 1/3 to 2/3 full with clean water. While the water is agitating, add tank-mix ingredients in the following order: **1.** Water-soluble packets. **2.** Dry flowables and dispersible granules. **3.** TurboCharge. **4.** Flowables. **5.** Water-soluble pesticides. **6.** Emulsifiable concentrate—continue agitation and finish filling spray tank with water. **7.** Add additional adjuvants—maintain agitation while spraying to ensure a uniform spray mixture.

USE RATE: 1–2 qt/100 gallons of water.

DANGER: Causes serious eye damage. Wear protective gloves/protective clothing/eye protection/face protection. **If in eyes:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a POISON CENTER or doctor/physician. The national poison control emergency hotline telephone is 1-800-222-1222. See safety data sheet for further details regarding the safe use of this product.

STORAGE AND DISPOSAL: Do not contaminate water, food, or feed by storage and disposal. Store in a cool, dry, locked area out of the reach of children. Protect from excessive heat or cold. Triple-rinse and dispose of container in accordance with local, state, and federal regulations.

CONDITIONS OF SALE: Seller warrants that the product contains the ingredients in the amounts stated on this label. THIS WARRANTY IS EXPRESSLY IN LIEU OF ALL OTHER WARRANTIES AND REPRESENTATIONS EXPRESSED, IMPLIED, OR STATUTORY, INCLUDING WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR USE. Timing, rate and method of application, weather and other conditions, mixtures with chemicals not specifically recommended on this label or any accompanying written recommendation are beyond the control of Seller. Buyer assumes all risks of use, storage, and handling of this material not in strict accordance with directions given herewith. In no case is Seller liable for consequential, special, or indirect damages resulting from the use or handling of this product. Buyer further agrees in the event of damages arising from the use of this product to accept a replacement of the product or a refund of the purchase price of the product, at Seller's option, as full discharge of Seller's liability. No one is authorized to make any other warranty, guarantee, or directions concerning this product, and no such warranties, guarantees, or directions shall be valid or binding upon Seller.

FREEZING TEMPERATURE: 32° Fahrenheit (protect from freezing)

WEIGHT PER GALLON: 10.4 Pounds
