Shake Well Before Using

GENERAL INFORMATION: CalPower is a unique formulation of Calcium, silica, and vegetal protein hydrolysates. Silica strengthens cell walls to protect plants from conditions such as drought, heat, and frost. CalPower is designed for use on all crops requiring Calcium.

MIXING INSTRUCTIONS: Put 1/3 to 2/3 of total water volume in tank. **1.** Add pesticide(s) if desired and agitate until thoroughly mixed. **2.** Add CalPower and agitate until thoroughly mixed. **3.** Add adjuvant(s) if desired and agitate until thoroughly mixed. Fill tank with remainder of desired water. A jar test is recommended for evaluating compatibility of CalPower with multiple product mixtures.

NOTICE: Do not mix with fertilizers containing Phosphorus. Check compatibility with chemical mixtures that include high phosphate and alkaline (high pH) solutions.

USE RATES: Broadcast: 1–2 gal/acre at pre-plant or side-dressed. **General Use for All Field Crops, Berries, and Vegetables:** 1–4 qt/acre per application. Begin first application at bloom. Make 3–6 applications throughout the season up to harvest or until the crop has a sufficient level of Calcium. Dilute in an adequate amount of water for thorough coverage. **Tree Fruit:** 1–4 qt/acre per application. Begin first application at petal fall. Make 3–6 applications throughout the season up to harvest or until the crop has a sufficient level of Calcium. Dilute in an adequate amount of water for thorough coverage. **Ornamentals:** 1–2 qt/100 gallons of water. Apply until the crop has a sufficient level of Calcium. Cover foliage thoroughly to the point of runoff.

KEEP OUT OF THE REACH OF CHILDREN: Not for human consumption. Wash thoroughly with soap and water after handling the product and before eating, drinking, or using tobacco products.

STORAGE AND DISPOSAL: Store above 32°F. Two-year shelf life when stored in a cool location. No refrigeration required. Follow SDS Instructions for safety precautions, cleaning, and personal protective equipment. If there are no instructions for washables, use detergent and hot water. Do not contaminate water, food, or feed by storage or disposal. Dispose of contents in a container to an approved waste disposal facility.

CONDITIONS OF SALE: Seller warrants that the product contains the ingredients in the amounts stated on this label. THIS WARRANTY IS EXPRESSLY IN LIEU OF ALL OTHER WARRANTIES AND REPRESENTATIONS EXPRESSED, IMPLIED, OR STATUTORY, INCLUDING WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR USE. Timing, rate and method of application, weather and other conditions, mixtures with chemicals not specifically recommended on this label or any accompanying written recommendation are beyond the control of Seller. Buyer assumes all risks of use, storage, and handling of this material not in strict accordance with directions given herewith. In no case is Seller liable for consequential, special, or indirect damages resulting from the use or handling of this product. Buyer further agrees in the event of damages arising from the use of this product to accept a replacement of the product or a refund of the purchase price of the product, at Seller's option, as full discharge of Seller's liability. No one is authorized to make any other warranty, guarantee, or directions concerning this product, and no such warranties, guarantees, or directions shall be valid or binding upon Seller.
