**GENERAL INFORMATION:** StreamlineMaxx is a tank mix adjuvant formulated to provide spray performance by improving coverage, deposition, and enhancing retention and infiltration of the targeted leaf surface. It suppresses off-target drift by providing a more uniform pattern and velocity of the spray droplets and can be used with air assist and conventional nozzles. Other off-target drift factors are spray boom height, nozzle configuration, spray pressure, temperature, wind, and thermal inversions. StreamlineMaxx will not eliminate all drift. StreamlineMaxx can be used with herbicides, desiccants, insecticides, fungicides, and plant-growth regulators, in keeping with pesticide label recommendations.

MIXING INSTRUCTIONS: Add StreamlineMaxx after pesticides or other adjuvants are introduced to spray mixture but prior to completing the filling of the spray tank. Before making large scale applications, conduct a jar test containing all ingredients to confirm compatibility.

**USE RATES: GROUND:** 3–5 oz/acre in 10 to 25 GPA, 5–8 oz/acre in 25 to 50 GPA, and 8–10 ounces in greater than 50 GPA; **AERIAL:** 2–3 oz/acre in 2 to 5 GPA.

**USE PRECAUTIONS:** Adding an adjuvant to some pesticides may increase the risk of phytotoxicity to certain susceptible crops, especially during periods of high humidity or other circumstances that may increase the activity of spray solutions. Care should be exercised when using on new varieties or crops not previously treated with StreamlineMaxx.

**KEEP OUT OF THE REACH OF CHILDREN: WARNING—causes serious eye irritation.** Wash thoroughly after handling. Wear protective gloves, eye, and face protection.

ENVIRONMENTAL HAZARDS: Not for aquatic use. Do not contaminate water sources by cleaning equipment or disposal of wastewater.

FIRST AID: If in eyes: Rinse continuously with water for several minutes. Remove contact lenses if present and easy to do; continue rinsing. If eye irritation persists, get medical attention. If swallowed: Rinse mouth. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person. If you feel unwell, call a poison control center or physician immediately for treatment advice. If inhaled: Move person to fresh air and keep at rest in a position comfortable for breathing. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. If you feel unwell, call a poison control center or physician for further treatment advice. If on skin or clothing: Rinse skin immediately with plenty of soap and water for 15 to 20 minutes. If skin irritation occurs, get medical attention. Take off contaminated clothing and wash before reuse.

**STORAGE AND DISPOSAL:** Do not contaminate water, food, or feed by storage or disposal. **Storage:** Keep this container tightly closed. Store above 25° F in a dry, well-ventilated place. Store in original, closed container. Keep cool. Do not allow water or other chemicals to be introduced into container contents. Do not contaminate water sources with equipment wash water, spray disposal wastes, or by cleaning of equipment. Do not store near feed or food products. Do not use or store near open flame. **Disposal:** Triple rinse container and pour rinsate into spray tank. Do not reuse container. Offer triple-rinsed container for recycling, or puncture and dispose of in a sanitary landfill or by other procedures approved by appropriate authorities. Dispose of contents/container in accordance with local/national regulations. **Spill:** In the event of a major spill, fire, or other emergency, call CHEMTREC at (800) 424-9300.

CONDITIONS OF SALE: Seller warrants that the product contains the ingredients in the amounts stated on this label. THIS WARRANTY IS EXPRESSLY IN LIEU OF ALL OTHER WARRANTIES AND REPRESENTATIONS EXPRESSED, IMPLIED, OR STATUTORY, INCLUDING WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR USE. Timing, rate and method of application, weather and other conditions, mixtures with chemicals not specifically recommended on this label or any accompanying written recommendation are beyond the control of Seller. Buyer assumes all risks of use, storage, and handling of this material not in strict accordance with directions given herewith. In no case is Seller liable for consequential, special, or indirect damages resulting from the use or handling of this product. Buyer further agrees in the event of damages arising from the use of this product to accept a replacement of the product or a refund of the purchase price of the product, at Seller's option, as full discharge of Seller's liability. No one is authorized to make any other warrantly, quarantee, or directions shall be valid or binding upon Seller.
