Shake Well Before Using

GENERAL INFORMATION: Locate HT is a concentrated foam marker formulated with high-foaming surfactants and advanced stabilizers to produce durable, highly visible foam. It performs well in heat, wind, and hard water, and is compatible with all foam marking equipment, including pressurized and non-pressurized systems. Field use has shown consistent foam strength and longevity, even in moderate wind, helping operators maintain accurate spray paths. Foam performance may vary with water hardness and environmental factors such as pressure, temperature, humidity, and wind. For best results, flush and clean equipment before use.

MIXING INSTRUCTIONS: For best results, begin by adding half of the required water volume to the foam tank. Then add the full amount of Locate HT needed for the application. Finish by adding the remaining half of the water. Mix thoroughly before use.

USE RATES: 1 gallon per 100 gallons of water (100:1 dilution). **Soft water conditions** (less than 300 parts per million): 1 gallon per 120 to 160 gallons. **Hard water conditions** (more than 1,000 parts per million): 1 gallon per 80 gallons of water. **Color additives:** whenever a foam colorant is tank mixed, use 1 gallon per 80 gallons of water (80:1 dilution). Color additives can be used with Locate HT to enhance visibility.

KEEP OUT OF THE REACH OF CHILDREN: Causes serious eye irritation. Causes skin irritation. Combustible liquid. Wash thoroughly after handling. Wear protective gloves and eye/face protection. Keep away from heat, sparks, open flames and hot surfaces.

FIRST AID: If on skin or clothing: Call a poison control center or doctor immediately for treatment advice. **If Swallowed:** Have the person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person. **If Inhaled:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. **If in Eyes:** Hold eye open and rinse slowly and gently with water for 15 to 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. If eye irritation persists, get medical advice/attention. **If on Skin or Clothing:** Rinse skin immediately with plenty of soap and water for 15 to 20 minutes. If skin irritation occurs, get medical advice/attention. Remove/take-off immediately all contaminated clothing and wash before reuse. **IN CASE OF FIRE:** Use alcohol resistant foam, CO₂, powder, water spray for extinction. Do not use water jet.
