Shake Well Before Using

GENERAL INFORMATION: AlgaFol is a liquid foliar product designed for use during early growth and reproductive stages. It is especially useful when crops are under stress from heat, drought, or other environmental pressures. AlgaFol contains a natural mix of plant-based compounds that help support nutrient movement, maintain plant activity, and promote consistent development during key growth windows.

MIXING INSTRUCTIONS: Put 1/3 to 2/3 of total water volume in tank. **1.** Add pesticide(s) if desired and agitate until thoroughly mixed. **2.** Add AlgaFol and agitate until thoroughly mixed. **3.** Add adjuvant(s) if desired and agitate until thoroughly mixed. Fill tank with remainder of desired water. A jar test is recommended for evaluating compatibility of AlgaFol with multiple product mixtures. For best results with this product, the pH of the tank mixture should be between 5 and 6.

USE RATES: **Corn:** 1–1.5 qt/acre at V4–VT. **Soybeans:** 1–1.5 qt/acre at V3–R1. **Cereal Grains:** 1–1.5 qt/acre at stage 2 to stage 8. **Forage Crops and Pastures:** 1–1.5 qt/acre. **Cucurbits:** 2 qt/acre at fourth true leaf, two weeks after first application and two weeks after second application. **Fruiting and Leafy Vegetables:** 2 qt/acre at transplant, at first flower. **Tree Fruit:** 2 qt/acre per application.

KEEP OUT OF REACH OF CHILDREN: Do not breathe spray. Wash face, hands and skin thoroughly after handling. Wear protective gloves, protective clothing and eye protection. Wash contaminated clothing before reuse. **If swallowed:** Rinse mouth. **If on skin (or hair):** Immediately remove all contaminated clothing. Rinse skin with water. **If inhaled:** If breathing is difficult, move to fresh air and rest in a position comfortable for breathing. **If in eyes:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

STORAGE AND DISPOSAL: Store product in original container. DO NOT store in excessive cold or heat or direct sunlight. DO NOT reuse container. DO NOT contaminate water, food, or feed by storage or disposal. Keep packaging closed, securely fastened and upright. Triple rinse or equivalent and dispose of container in accordance with local, state and federal regulations.

CONDITIONS OF SALE: Seller warrants that the product contains the ingredients in the amounts stated on this label. THIS WARRANTY IS EXPRESSLY IN LIEU OF ALL OTHER WARRANTIES AND REPRESENTATIONS EXPRESSED, IMPLIED, OR STATUTORY, INCLUDING WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR USE. Timing, rate and method of application, weather and other conditions, mixtures with chemicals not specifically recommended on this label or any accompanying written recommendation are beyond the control of Seller. Buyer assumes all risks of use, storage, and handling of this material not in strict accordance with directions given herewith. In no case is Seller liable for consequential, special, or indirect damages resulting from the use or handling of this product. Buyer further agrees in the event of damages arising from the use of this product to accept a replacement of the product or a refund of the purchase price of the product, at Seller's option, as full discharge of Seller's liability. No one is authorized to make any other warranty, guarantee, or directions concerning this product, and no such warranties, guarantees, or directions shall be valid or binding upon Seller.
